

11-K-1 NAVIGABILITY AND JURISDICTIONAL DETERMINATIONS

Ref: (a) 33 C.F.R. Part 2

1. PURPOSE. The purpose of this section is to set procedures to be used in accumulating information and processing navigability and jurisdictional determinations for waters within the District. This section also provides information about legal and administrative navigability determinations made for various bodies of water within the geographic limits of the District.
2. DISCUSSION.
 - a. Reference (a) provides the legal standards for determining the extent of Coast Guard jurisdiction over waters within the District. In those instances where the application of these standards yields an obvious result regarding the extent of Coast Guard jurisdiction, local unit commanding officers should exercise jurisdiction accordingly.
 - b. Anytime a unit commanding officer or division/branch chief is uncertain about the extent of Coast Guard jurisdiction within their area of responsibility, they should request an administrative navigability determination from the District Legal Officer. The District Legal Officer will express his/her findings in a written document, which will become available to the public (see 11-K Exhibit 1).
 - c. Depending on the novelty of the legal issues involved, the extent to which the facts are in question, and the extent of public interest, the District Commander may forward a proposed determination, together with all relevant material, to the Chief Counsel or to the Commandant for a determination.
3. PROCEDURE.
 - a. When a navigability or jurisdictional determination is required, the cognizant unit commanding officer or division/branch chief should, as a minimum, use whatever information gathering methods are necessary to compile and thoroughly and authoritatively present the information called for by the form attached as 11-K Exhibit 2. Users as necessary should reproduce this form.
 - b. The information gathering process should usually include contacting and seeking assistance from all non-Coast Guard parties involved with the activity requiring the jurisdictional decision. As a minimum, a representative of the cognizant unit, division, or branch should visit the site for which the navigability determination is requested. The physical condition of the waterway should be documented using photographs, diagrams, charts, sounding, and/or tidal data reports, etc. Attempts should be made to contact representatives of the current and future users of the waterway. Information about the historical uses of the waterway should be obtained from local museums, libraries, and historical societies. Other federal agencies (e.g., Army Corps of Engineers, Environmental Protection Agency, Department of the Interior, etc.) exercising jurisdiction over the waterway should also be consulted regarding determinations they have made for the purposes of their regulatory jurisdiction. Information regarding proposed waterway improvements and/or alternative uses should also be obtained. The completed form and any additional documents and comments by the division/branch should be submitted to the District Legal Officer.
 - c. All information should be compiled and submitted to the District Legal Office using 11-K Exhibit 2.

The District Legal Officer will evaluate the materials and make a navigability determination using the legal standards established by reference (a). The Legal Officer will provide a written determination to the requesting unit or division/branch chief. All new determinations will be incorporated into 11-K Exhibit 1 upon the next revision of the District SOP.

4. Navigability of Waterways Thirteenth Coast Guard District. 11-K Exhibit 1 is designed to provide internal guidance as to the Coast Guard's determinations concerning the navigability of waters in the District for the purposes of exercising Coast Guard jurisdiction. It includes formal determinations made by the Commandant, by the District Commander, and by the courts and Congress. No attempt has been made to list those additional waterways "subject to the jurisdiction of the United States" as that phrase is used in the Federal Boating Safety Act 46 U.S.C. § 4301 et seq. Use of this list is subject to the following guidelines:
 - a. Waterways not contained on this list may or may not be navigable. Their absence indicates that the Coast Guard, the Courts, or Congress have made no determination concerning their navigability.
 - b. Waterways which are under tidal influences, whether contained on this list or not, are considered navigable by the Coast Guard to the extent of tidal influence.
 - c. When an "X" is shown under "NAV CG", this indicates that the Coast Guard considers either the entire waterway or certain portions of the subject waterway navigable. Any known limits may be explained in the adjacent comment.
 - d. Pursuant to reference (a), the public has a right to obtain information regarding Coast Guard navigability determinations. However, members of the public may be interested in using Coast Guard navigability determinations for a number of purposes unrelated to Coast Guard jurisdiction (e.g., admiralty and maritime jurisdiction, application of state and federal laws not enforced or administered by the Coast Guard, local property laws, etc.) Often times, members of the public do not appreciate that Coast Guard navigability determinations are made only for the purposes of exercising specific types of regulatory jurisdiction over specific types of waters. For this reason, field units should not release copies of 11-K Exhibit 1 directly to the public. All questions regarding navigability of waters within the District and all requests for copies of 11-K Exhibit 1 should be referred to the District Legal Office. The District Legal Office will respond directly to the requesters.

NAVIGABILITY DETERMINATIONS FOR THE THIRTEENTH DISTRICT

Attached is a listing of navigability determinations for waters in the Thirteenth Coast Guard District. This listing is maintained in accordance with Title 33, Subpart 2.10 of the Code of Federal Regulations. It includes formal determinations made by the Coast Guard, as well as those made by the courts or Congress. No attempt has been made to list those waterways “subject to the jurisdiction of the United States” as that phrase is used in the Federal Boating Safety Act (Title 46 United States Code § 4301 et. seq.). Additionally, the extent of navigable waters under the Clean Water Act (Title 33 United States Code § 1321 et. seq.) may be broader. Except for waterways determined to be “navigable waters of the United States”, this list does not list waters otherwise “Subject to the Jurisdiction of the United States” as that term is used in Title 33 Code of Federal Regulations § 2.05-30(b), (c), & (d).

Waters that are subject to tidal influence, whether listed or not, are considered navigable for the purposes of general Coast Guard jurisdiction to the limits of tidal influence. (See Title 33 Code of Federal Regulations § 2.05-25).

Where an “X” is shown under “NAV CG”, this indicates that either the entire waterway or certain portions of it are considered to be navigable. Limits on the extent of navigability will be explained in the comment. **Navigability determinations for some waterways may be for a limited purpose** (i.e., bridge permitting, recreational vessel fee, etc.). These limitations will also be explained in the comments.

Waterways not contained on this list may or may not be navigable. Their absence indicates that no determination has been made by the Coast Guard, the courts, or by Congress concerning their navigability. This list is subject to change at any time should a new or contrary determination be made.

Navigability determinations made by the Coast Guard are for the purposes of exercising Coast Guard authority and jurisdiction only. They should not be construed as determinative of jurisdiction under admiralty and general maritime law, state law, or for jurisdiction by other federal agencies (such as the Army Corps of Engineers).

Navigability Determinations for Thirteenth Coast Guard District

NOTE: Territorial seas (i.e., those waters within a belt, three nautical miles wide, that are adjacent to the coastlines of Washington and Oregon and seaward) and of the Thirteenth Coast Guard District which are subject to tidal influence (e.g., Puget Sound), whether specifically noted in the following list, are considered navigable waters for purposes of Coast Guard jurisdiction.

BODY OF WATER & LOCATION	NAV CG	NON-NAV CG	REMARKS
Albeni Reservoir, ID	X		See Pend Oreille Lake.
Alsea Bay, OR	X		Estuary of Pacific Ocean.
Alsea River, OR	X		Flows into Alsea Bay, Waldport, OR. Navigable to mile 13.
American Falls Reservoir, ID		X	Snake River.
Ash Creek, OR		X	Tributary of Willamette River at Independence, OR.
Bachelor Island Slough, WA	X		Side channel of Columbia River. Mouth 14 miles S of Vancouver, WA (tidal).
Baker Bay, WA	X		Part of Columbia Estuary. Chinook to Ilwaco, WA (including West Channel).
Barrett Slough, OR		X	Tributary of Lewis and Clark River.
Bayou St. John, OR		X	Court decision, 1935 AMC 594, 10 Mile Lake, Coos County, OR.
Bear Creek (Coos County), OR	X		Tributary of Coquille River (tidal at mile 0.5)
Bear Creek, WA		X	At mile 0.8.
Bear Lake, ID/UT	X		Court decision Utah v. U.S., 403 U.S. 9, (1971).
Bear River, WA	X		Flows into Willapa Bay. Navigable to head of tidewater, approximately 4 mi. above mouth.
Beaver Creek, OR		X	Tributary of Nestucca River.
Beaver Slough, OR	X		See Clatskanie River.
Big Beef Harbor, WA	X		(Hood Canal) Navigable to mouth of Big Beef Creek (tidal).
Big Creek (Lane County), OR	X		At U.S. 101 bridge (tidal).
Big Creek (Lincoln County), OR		X	Flows into Pacific Ocean.
Big Creek Slough, OR	X		Upstream end at Knappa, OR (tidal).
Big Horn River, MT	X		Navigable in its entirety (includes Yellowtail Reservoir).
Bingen Channel, WA	X		Columbia River, Bonneville Pool Backwater.
Birch Creek, OR		X	At site of Birch Creek (Sparks) Bridge on Canyon Road near Pendleton, OR.
Birnie Slough, WA	X		Side channel of Columbia River. 1 mile S of Cathlamet, WA on Puget Island (tidal).

BODY OF WATER & LOCATION	NAV CG	NON-NAV CG	REMARKS
Blind Slough, OR	X		Side channel of Yaquina River. 3 mi. downstream from Toledo, OR (tidal).
Blind Slough/ Gnat Creek, OR	X		Tributary of Knappa Slough. 10 mi. upstream from Astoria, OR (tidal at mile 2.0).
Blue Creek Bay, ID	X		See Lake Coeur d' Alene, ID.
Bogachiel River, WA		X	Tributary of Quillayute River.
Boone Slough, OR		X	Tributary of Yaquina River between Newport and Toledo, OR.
Booneville Channel, OR	X		Side channel of Willamette River. 3 miles upstream from Corvallis, OR.
Boulder Creek, OR		X	7 miles N of Lake Quinalt.
Bradbury Slough, OR	X		Side channel of Columbia River. 5 miles N of Clatskanie, OR (tidal).
Brooks Slough, WA		X	Tributary of Skamokawa Creek. Mouth at Skamokawa, WA.
Brownlee Reservoir, ID	X		See Snake River.
Budd Inlet, WA	X		Puget Sound. Near Olympia, WA.
Burke Slough, WA	X		Side channel of Columbia River. Mouth 5 miles upstream from Kalama, WA (tidal).
Burnside Channel, OR	X		Also known as South Channel. Side channel of Columbia River, SE of Tongue Point (tidal).
Burnt Bridge Creek, WA		X	Southwestern Clark County; originates Mill Plains area, 7.0 miles to Vancouver Lake.
Calapooya River, OR		X	Tributary of Willamette River. Mouth at Albany, OR. Navigable to mile 0.3.
Calender Slough, OR	X		Side channel of Columbia River. Upstream end 1 mile downstream from Knappa, OR (tidal).
Callahan Creek, MT		X	Tributary of Kootenai River.
Canal Creek, OR	X		Tributary of Alsea River. Navigable from mouth to bridge at 0.06 mile.
Canyon Ferry Reservoir, MT	X		See Missouri River.
Capitol Lake, WA	X		Near Olympia, WA. Formed by dam at mouth of Deschutes River.
Carr Inlet, WA	X		Puget Sound. Pierce County, WA.
Carrol's Channel, WA	X		Side channel of Columbia River near Longview, WA (tidal).
Case Inlet, WA	X		Puget Sound. Mason County, WA.
Catching Slough, OR	X		Tributary of Coos River. Mouth 2 miles E of Coos Bay, OR. Navigable to mile 6.0.
Cathlamet Bay, OR	X		Part of Columbia River, 3 miles upstream from Astoria, OR (tidal).
Cathlamet Channel, WA.	X		Side channel of Columbia River at Cathlamet, WA (tidal).
Cedar River, WA	X		Flows into Lake Washington at Renton, WA. Navigable to mile 1.3.

BODY OF WATER & LOCATION	NAV CG	NON-NAV CG	REMARKS
Chambers Creek, WA		X	Flows into Puget Sound near Steilacoom, WA. See Steliacoom Waterway.
Charlton Channel, WA	X		Navigable to mile 4.0.
Chatcolet Lake, ID	X		Lake Coeur d' Alene on St. Joe River, ID.
Chehalis River, WA	X		Flows into Grays Harbor. Navigable to mile 68.0.
Chelan, Lake, WA		X	Only outlet is Chelan River.
Chelan River, WA		X	Tributary of Columbia River. Navigable at mile 0.05 (Columbia River backwater).
Chetco Cove, OR	X		Pacific Ocean
Chetco River, OR	X		At Brookings, OR. Flows into Pacific Ocean.
Chinook River, WA	X		Flows into Baker Bay. Mouth 3 miles E of Ilwaco, WA (tidal). Navigable to mile 0.6.
Clackamas River, OR		X	Tributary of Willamette River at Oregon City, OR.
Clark Fork River, ID/MT	X		Flows into Lake Pend Oreille. Navigable to mile 4.0.
Clatskanie River, OR	X		Navigable at Park Street Bridge, mile 1.6 at Clatskanie, OR (tidal).
Clearwater River, ID	X		Tributary of Snake River entering at Lewiston, ID. Navigable to mile 40.0 and at mile 44.6
Clearwater River, ID (North Fork)	X		Navigable to upstream limit Dworsak Reservoir backwater.
Clifton Channel, OR	X		Side channel of Columbia River, at Clifton, OR (tidal).
Coalbank Slough, OR	X		Tributary of Isthmus Slough at Coos Bay, OR (tidal).
Coalcreek Slough, WA	X		Tributary of Columbia River, mouth 10 miles downstream from Longview, WA.
Coeur d' Alene River, ID	X		Near Rose Lake, ID.
Coeur d' Alene Lake, ID			See Lake Coeur d' Alene.
Colorado Lake, OR		X	Near Corvallis, OR.
Columbia River, WA/OR	X		Navigable for entire distance in the United States.
Columbia River Reservoir, WA	X		From Grand Coulee Dam to Canadian border (see Lake Roosevelt).
Columbia Slough, OR	X		Tributary of Willamette River. CG considers navigable to source.
Coos Bay, OR	X		Estuary of Pacific Ocean.
Coos River, OR	X		Flows into Coos Bay, OR (tidal). Navigable to mile 5.5.
Coos River, South Fork, OR	X		Tributary of Coos River. Navigable to mile 9.5.
Cooston Channel, OR	X		See Coos Bay.

BODY OF WATER & LOCATION	NAV CG	NON-NAV CG	REMARKS
Coquille River, OR	X		Flows into Pacific Ocean at Bandon, OR. (tidal at mile 36.3).
Coquille River (North Fork), OR	X		Tributary of Coquille River. Enters at mile 36.3 (tidal at mile 0.2).
Coweeman River, WA	X		Tributary of Cowlitz River. Mouth at Longview, WA. Navigable at mile 4.0.
Cowlitz River, WA	X		Tributary of Columbia River. Mouth at Longview, WA. Navigable to mile 34.0.
Cozine Creek, OR		X	Tributary of South Yamhill River.
Crater Lake, OR		X	Located entirely within Crater Lake National Park. While not navigable, entire lake is "water subject to the jurisdiction of the U.S."
Dairy Creek, OR		X	Tributary of Tualatin River.
Dean Creek, OR	X		Tributary of Umpqua River (tidal at mile 0.01).
Deep River, WA	X		Tributary of Columbia River. Mouth 7 mi. NE of Astoria, OR (tidal). Navigable to mile 5.0.
Dell Creek, WA		X	Tributary of Naselle River near Naselle, WA.
Depoe Bay, OR	X		Cove of Pacific Ocean at Depoe Bay, OR.
Depoe Slough, OR	X		Tributary of Yaquina River at Toledo, OR (tidal at mile 0.05).
Deschutes Basin, WA			See Capitol Lake.
Deschutes River, WA		X	Flows into Capitol Lake at Olympia, WA. CG considers non-navigable at mile 11.0.
Deschutes River, OR		X	Tributary to Columbia River. CG considers non-navigable at Sherars Bridge at mile 67.6.
Detroit Reservoir, OR		X	North Santiam River.
Dexter Reservoir, OR		X	On Middle Fork of Willamette River, below Lookout Point Reservoir.
Diablo Lake, WA		X	Skagit River.
Dickey River, WA	X		Flows into Quillayute River near La Push, WA. Navigable to head of tidewater 1 mile above mouth.
Duck Creek, WA		X	Tributary of Elochman River.
Duncan Slough, OR	X		Side channel of Siuslaw River, 5 mi. upstream from Florence, OR (Tidal). CG considers navigable to mile 19.0.
Dungeness River, WA		X	Flows into Strait of Juan de Fuca at Dungeness.
Duwamish River, WA	X		River mouth is considered the head of West Waterway, Seattle Harbor, about 0.3 miles downstream of the Spokane Street Bridge. The head of navigation is the mouth of Black River, former outlet of Lake Washington. This is also the approximate head of the tide, and the point of which the Duwamish becomes the Green. See also Green River.

BODY OF WATER & LOCATION	NAV CG	NON-NAV CG	REMARKS
Ebey Slough, WA	X		Side channel of Snohomish River North of Everett, WA.
Edison Slough, WA	X		Flows into Samish Bay (tidal).
Elk River, OR		X	Navigable at mile 4.8 near Port Orford, OR. Flows into Pacific Ocean.
Elochoman River, WA	X		Tributary of Columbia River. Flows into Elochoman Slough (tidal at mile 3.0).
Elochoman Slough, WA	X		Side channel of Columbia River at Cathlamet, WA (tidal).
Elwell Creek, WA		X	Tributary of Skyomish River.
Entiat River, WA		X	Tributary of Columbia River.
Eslick Creek, OR	X		Near Reedsport, OR (tidal).
Ewauna, Lake, OR		X	See Klamath River.
Falk Creek, WA		X	Tributary of Skamokawa Creek.
Ferndale Slough, WA	X		Side channel of Nooksack River (tidal). Also known as Portage Slough.
Fifth Street Waterway, WA	X		Navigable at bridge over 5th Street Waterway at Steilacoom, WA (tidal).
Fisher Island Slough (Fisher)	X		Side channel of Columbia River at Island Channel, WA. Downstream end 6 miles downstream from Longview, WA (tidal). Navigable to mile 2.0.
Flathead Lake, MT		X	Near Kalispell, MT.
Flathead River, MT		X	At mile 129.2 near Kalispell, MT. No decision made as to waters adjacent to Canadian border.
Fort Peck Reservoir, MT	X		Missouri River.
Franklin D. Roosevelt, Lake, WA	X		See Columbia River.
Gales Creek, OR		X	Tributary of Tualatin River at mile 58.6 near Forest Grove, OR.
Gardiner Channel, OR	X		Side channel of Umpqua River at Gardiner, OR (tidal).
Germany Creek, WA	X		Tidal at SR-4 bridge.
Goble Channel, OR	X		Side channel of Columbia River. Downstream end at Goble, OR (tidal).
Government Island Channel, OR	X		Columbia River side channel S of Government Island. Downstream end at International Airport, Portland, OR.
Governors Lake, WA	X		See Capitol Lake.
Grande Ronde River, OR		X	Tributary of Snake River. Non-navigable at mile 163.3.
Grays Harbor, WA	X		At Aberdeen, WA (tidal) from U.P.P.R. Bridge at Aberdeen to seaward end of bar channel, including all bays and sloughs to the elevation of mean high water.

BODY OF WATER & LOCATION	NAV CG	NON-NAV CG	REMARKS
Grays River, WA	X		Tributary of Lower Columbia River. Mouth 7 miles NE of Astoria, OR (tidal at town of Grays River, mile 8.0).
Green Lake, WA		X	Seattle, WA.
Green River, WA	X		Becomes Duwamish River at mouth of Black River (head of tidewater), mile 11.0. Navigable to mile 23.0 at Kent, WA. Non-navigable upstream of State Highway 516 Bridge in existence on October 26, 1981. Act of Congress, 33 U.S.C. 59s.
Hama Hama River, WA	X		Flows into Hood Canal near Eldon, WA (tidal to mile 1.0).
Hamilton Creek, WA	X		Tributary of Columbia River. Navigable to limit of Columbia River backwater elevation of 28.5 MSL.
Hat Slough, WA	X		Flows out of Stillaguamish River near mile 8.0. Mileage shown is from head to mouth in Port Susan (tidal).
Hauser Dam Reservoir, MT	X		Missouri River.
Haynes Slough, OR	X		Tributary of Coos Bay. Mouth 2 miles N of North Bend, OR. Navigable to mile 2.0.
Hidden Lake, ID	X		See Lake Coeur d' Alene.
Hoh River, WA	X		Flows into Pacific Ocean near Forks, WA (tidal to about mile 1.0).
Hoko River, WA	X		Flows into Strait of Juan de Fuca near Sekiu, WA (tidal to about mile 1.0).
Hood Canal, WA	X		Near Port Gamble, WA.
Hood River, OR	X		Tributary of Columbia River. Navigable to upper limit of Bonneville Pool Backwater.
Hoquiam River, WA	X		Flows into Grays Harbor at Hoquiam, WA (tidal to about mile 7.0). Navigable to mile 8.0.
Hoquiam River (East Fork), WA	X		Flows into Hoquiam River at Hoquiam, WA (tidal to about mile 6.5).
Horse Shoe Lake, WA		X	Old channel of Lewis River at Woodland, WA.
Horse Thief Lake, WA		X	Klickitat County.
Hudson Slough, OR	X		Tributary of Smith River. Mouth (Farey Creek) 3 miles northwest of Reedsport, OR (tidal to about mile 1.0).
Humtulips River, WA	X		Flows into Grays Harbor near Hoquiam, WA (tidal at mile 1.0).
Imnaha River, OR		X	Tributary of Snake River. Non-navigable at mile 29.4.
Isthmus Slough, OR	X		Tributary of Coos Bay with mouth at Coos Bay, OR. Non-navigable at mile 9.0.
Joe Ney Slough, OR	X		Tributary of South Slough (Coos Bay). Mouth at Charleston, OR (tidal).

BODY OF WATER & LOCATION	NAV CG	NON-NAV CG	REMARKS
John Day River, OR	X		Tributary of Lower Columbia River, near Astoria, OR.
John Day River, OR	X		Tributary of Columbia River near The Dalles, OR. Lake Umatilla backwater extends upstream for about 15 mi.
Johns River, WA	X		Flows into Grays Harbor near Markham, WA (tidal). Navigable to mile 4.0.
Johnson Creek, WA		X	Flows into Sequim Bay at Pitship Point.
Johnson Creek, OR		X	Tributary of Willamette River, near Gresham, OR.
Jump Off Joe Lake, WA		X	Near Chewelah, WA.
Kalama River, WA	X		Tributary of Columbia River. Mouth 2 miles downstream from Kalama, WA. Navigable at mile 3.4
Kentucky Slough, OR	X		Tributary of Coos Bay. Mouth opposite North Bend, OR (tidal).
Kilchis River, OR	X		Tributary of Tillamook Bay (tidal at mile 1.0).
Klamath River, OR		X	Non-navigable at bridge site Lake Ewauna.
Klickitat River, WA	X		Tributary to Columbia River. Bonneville Pool Backwater extends upstram to about mile 1.0.
Knappa Slough, OR	X		Side channel of Columbia River. Mouth 9 miles E of Astoria, OR (tidal).
Kootenai River, ID/MT	X		Navigable for entire distance within the United States.
Lake Koocanusa, MT	X		Libby Dam on Kootenai River.
Lake Coeur d' Alene, ID	X		Water Resources Development Act of 1976. Lake is non-navigable for purposes of 33 U.S.C. 403. Navigable for drawbridge operating regulations and bridge permits.
Lake Creek, MT		X	Tributary of Kootenai River near Troy, MT.
Lake Crescent, WA		X	Located entirely within Olympic National Park. While not navigable, entire lake is "water subject to the jurisdiction of the U.S."
Lake Pend Oreille, ID	X		Navigable, together with all its bays and tributary sloughs, to water elevation 2,062.5 feet.
Lake River, WA	X		Tributary of Columbia River (tidal at mile 3.3).
Lake Roosevelt, WA	X		Formed by Grand Coulee Dam. See Columbia River.
Lake Union, WA	X		Between Lake Washington and Puget Sound.
Lake Washington, WA	X		At Seattle, WA.
Lake Washington Ship Canal, WA	X		At Seattle, WA. Joins Lake Washington with Puget Sound at Shilshole Bay. Includes Lake Union.
Larson Slough, OR	X		Tributary to Haynes Slough near North Bend, OR. Navigable at mile 1.0.

BODY OF WATER & LOCATION	NAV CG	NON-NAV CG	REMARKS
Latah Creek, WA	X		Tributary of Spokane River.
Latour Creek, ID		X	Tributary of Coeur d' Alene River.
Lewis River, WA	X		Tributary of Columbia River. Across Columbia River from St. Helens, OR. Navigable to mile 7.7.
Lewis River (East Fork), WA	X		Tributary of Lewis River. Navigable to La Center, WA, mile 3.0.
Lewis and Clark, OR	X		Navigable at the Oregon State Highway Bridge at mile 1.0.
Little Creek, OR		X	Flows into Pacific Ocean near Newport, OR.
Little Lake, OR		X	
Little Hoquiam River, WA	X		Flows into Hoquiam River near Hoquiam, WA (tidal to mile 2.0).
Little Pend Oreille River, WA		X	Tributary to Colville River. Flows from Little Pend Oreille Lakes SW to Colville River.
Little Schooner Creek, OR		X	Flows into Pacific Ocean near Newport, OR.
Long Tom River, OR		X	Tributary of Fern Ridge Reservoir, flows into Willamette River.
Lookout Point Reservoir, OR		X	Above Dexter Reservoir on Middle Fork of Willamette River.
Lucky Gap Creek, OR		X	Flows into Pacific Ocean near Newport, OR.
Martin Island Slough, WA	X		Side channel of Columbia River. 4 miles upstream from Kalama, WA.
McAllister Creek, WA	X		Flows into Nisqually Reach of Puget Sound (tidal at mile 3.0).
McClellan Creek, OR		X	Tributary of John Day River near Mount Vernon, OR.
McDonald Lake, MT		X	In Glacier National Park.
McFee, Creek, OR		X	Tributary of Tualatin River at mile 28.2.
McIntosh Slough, OR	X		Tributary of Umpqua River at Reedsport, OR (tidal).
McKenzie, OR	X		Tributary of Willamette River. Navigable to mile 64.5.
McNary Reservoir, WA	X		See Columbia River.
Methow River, WA		X	Near Winthrop, WA.
Methow River, WA		X	Tributary of Columbia River at Pateros, WA.
Mill Creek, OR	X		Tributary of Umpqua River near Scottsburg, OR (tidal to mile 1.0).
Mill Creek, OR		X	Tributary of Willamette River. Mouth at Salem, OR.
Mill Creek, WA	X		Flows into Hammersley Inlet of Puget Sound (tidal at mile 0.5).
Mill Creek, WA	X		Tributary of Columbia River near Stella, WA (tidal to mile 0.8).

BODY OF WATER & LOCATION	NAV CG	NON-NAV CG	REMARKS
Mill Slough, OR		X	Tidal tributary of Coos Bay, lying within the limits of Marshfield, OR. Act of Congress, 33 U.S.C. 34.
Millican Creek, OR		X	Tributary of Yamhill River near Lafayette, OR.
Millicoma River, OR	X		Tributary of Coos River (tidal at mile 8.5 confluence of West and East Forks).
Millicoma River (West Fork), OR		X	At mile 2.4 near Allegany, OR.
Millport Slough, OR	X		Side channel of Siletz River (tidal).
Missouri River, MT	X		Navigable to a point 263.0 miles upriver from Fort Benton, MT.
Molalla River, OR	X		Tributary of Willamette River. Navigable at mile 6.0.
Moses Lake, WA		X	Formed by O'Sullivan Dam on Crab Creek.
Moyie River, ID	X		Navigable from Canadian border to confluence with Kootenai River.
Mullen Slough, WA		X	Tributary of Green River at Kent, WA.
Multnomah Channel, OR	X		Tributary of Columbia River. Upstream end at Portland west city limits. Navigable at mile 21.0.
Naselle River, WA	X		Flows into Willapa Bay near Naselle, WA. Navigable at mile 15.3.
Neawanna River, OR.		X	Tributary of Necanicum River at Seaside, OR (tidal at mile 0.8).
Neawanna River (Unnamed Tributary), OR		X	Tributary of the Neawanna River 600 feet upstream (southeast) of the Neawanna River's confluence with Neacoxie Creek.
Necanicum River, OR	X		Flows into Pacific Ocean at Seaside, OR (tidal at mile 2.0).
Nehalem Bay, OR	X		Estuary of Pacific Ocean at Nehalem, OR.
Nehalem River, OR	X		Tidal, to mile 7.3 at County Road Bridge. Flows into Nehalem Bay.
Nehalem River (North Fork), OR	X		Tributary of Nehalem River. Mouth 1.0 mile from Nehalem, OR (tidal at mile 3.9).
Nemah River (Middle Fork), WA	X		Flows into Willapa Bay near Nemah, WA (tidal at confluence of South Nemah).
Nemah River (North Fork), WA	X		Flows into Willapa Bay near Nemah, WA (tidal at mile 1.5).
Nemah River (South Fork), WA	X		Tributary of Middle Nemah (tidal at bridge above confluence with Middle Nemah).
Nestucca Bay, OR	X		Estuary of Pacific Ocean 2 miles S of Pacific City, OR.
Nestucca River (Big), OR	X		Flows into Nestucca Bay near Pacific City, OR. Navigable to Cloverdale, OR, mile 6.0.
Nestucca River (Little), OR	X		Flows into Nestucca Bay 2 miles SE of Pacific City, OR. Navigable at mile 2.0.

BODY OF WATER & LOCATION	NAV CG	NON-NAV CG	REMARKS
Netarts Bay, OR	X		Estuary of Pacific Ocean at Netarts, OR. Navigable at mile 5.0.
Nisqually River, WA	X		Flows into Nisqually Reach of Puget Sound (tidal at I-5 Freeway Bridge; mile 2.4).
Noel Creek, OR	X		Tributary to Smith River near Reedsport, OR (tidal at County Road Bridge; mile 0.4).
Nookachamps Creek, WA		X	Tributary to Skagit River.
Nooksack River, WA	X		Flows into Bellingham Bay near Bellingham, WA. Navigable to mile 26.0.
North Creek, WA		X	Tributary to Sammamish River.
North River, WA	X		Flows into Willapa Bay near South Bend, WA. Navigable to falls 5 miles above mouth.
North Slough, OR	X		Tributary to Coos Bay. Mouth 2 miles N of North Bend, OR. Navigable to mile 3.0.
Nyberg Creek, OR		X	Tributary to Tualatin River in Tualatin, OR. Not navigable at Nyberg Creek Bridge, Tualatin, OR.
Ochoco Creek, OR		X	Tributary to Crooked River.
Okanogan River, WA		X	Tributary to Columbia River near Brewster, WA. Navigable from mouth to McLaughlin Falls, approximately 50 miles above mouth near Riverside, WA.
Ollala Bay, WA	X		Puget Sound.
